

**WINDOW FURNISHINGS AUSTRALIA** is the only business-to-business magazine specifically serving the interior and exterior window furnishings market in Australia. The circulation (5100) goes to retailers, manufacturers, suppliers, interior designers and architects – and covers all facets of the industry – including commercial and consumer blinds and shutters, curtains, fabrics, accessories, motorisation and solar control, blind making machinery as well as software.

Our editorials emphasise the business of window furnishings as seen within the industry itself. Each issue contains several company features involving analysis of the strategic direction, product development, technology, marketing, commercial factors, etc., associated with the business.

We also discuss technical advances in fabrics and components, design trends, retail issues, planning and environmental, health and safety issues.

Window Furnishings Australia is the official magazine of the Window Shading Association of Australia, the peak body for the window furnishings and solar shading industries. The Window Furnishings industry in the Australia covers a broad spectrum, from decorative to functional, domestic to commercial, and all are served by just one magazine.

## INFO

### FILE REQUIREMENTS

- Files must be compliant to the Australian Standard 3DAPv3 Papertype-1\_300.icc separation profile.
- Acrobat Distiller 6 or above is preferred.
- Files to be created in PDF version 1.3 or 1.4.
- All files to be supplied as composite CMYK and embedded images at 100% scaling, 300dpi.
- All fonts must be embedded into the PDF file.
- All advertising material to include 3mm bleed (where required).
- Crop, bleed and registration marks plus page information to appear on all advertising material, located 3mm outside the trim area.

### FILE PREPARATION

- No text or important page content should appear within 10mm either side of the spine on double page spreads (total 20mm). Double imaging of 3mm either side of the spine is preferred to help alignment, which is to be included within the trim (not additional to the trim).
- No type is to be smaller than 8 points.
- Ensure white text/elements are set to knockout.
- Black text should overprint image areas and be made up of 100% black only.
- Coloured text with a black drop shadow should be set to knockout, otherwise the black drop shadow may overprint the coloured text.
- Extremely thin and fine type, particularly with serifs, should be avoided.
- Thin lines and box rules should be reproduced in one colour, to help with registration and clarity, with a minimum thickness of 0.25mm.
- When using solid black panels, we recommend an additional tint of 40-50% cyan be applied.
- Images should be saved as TIFF, PSD or composite EPS files and supplied at 100% scaling, 300dpi and saved in either Grayscale or CMYK format, using 3DAPv3 Papertype-1\_300.icc separation profile. For more information regarding these separation profiles, visit [www.3dap.com.au](http://www.3dap.com.au). RGB or LAB colour files will be rejected.

WINDOW FURNISHINGS AUSTRALIA

## GOLD COAST CONVENTION & EXHIBITION CENTRE 10-12 JUNE 2026

### WFA SUPER EXPO SPECIAL 2026

As in previous years, we'll be producing a dedicated special edition. All advertising bookings include equivalent editorial space, with placements arranged alphabetically.

Window Furnishings Australia will once again publish a special edition for the SuperExpo—Australia's largest trade exhibition for the window furnishings and specialist textiles industries. With approval from the WSAA and Expo organisers, this exclusive issue will be distributed at the event entrance and will focus entirely on showcasing new product highlights from across the show.

We expect to circulate 3,000–3,500 copies, featuring product-driven editorial alongside stand location details to help maximise exhibitor visibility and drive foot traffic.
